JANUARY 2011

Sun	Mon	Tue	Wed	Thu	Fri	Sat
						1
2	3	4	5	6	7	8
Ask your child, "What do you notice about the signs we see while driving?"						
9	10	11	12	13	14	15
While grocery shopping, have your child notice different prices for products						
16	17	18	19	20	21	22
Have your child walk through the house and record where they see numbers. *Tip: have a clock with "hands" in your house. They are available at the \$1 store						
23	24	25	26	27	28	29
Tell your student how you used math today (Example: length of time it took you to drive to work)						
30	31					
Have your child write their address. Compare it to other addresses around you						

Brain Teaser of the Month: A boy needs to be at school by 8:15 AM. If it takes him 15 minutes to take a shower, 20 minutes to get dressed, 25 minutes to eat, and 15 minutes to ride his bike to school, what time does he need to get up? (Answer next month!)

December Brain Teaser Answer: They each have four quarters!
